PAN-AMERICAN FLYING BOAT SEVERAL HOURS OVERDUE AT MANILA

Hawaii Clipper Last Reported Fighting Strong Headwinds In Flight From Guam

SIX PASSENGERS ABOARD, INCLUDING OFFICIAL

San Francisco, July 29.

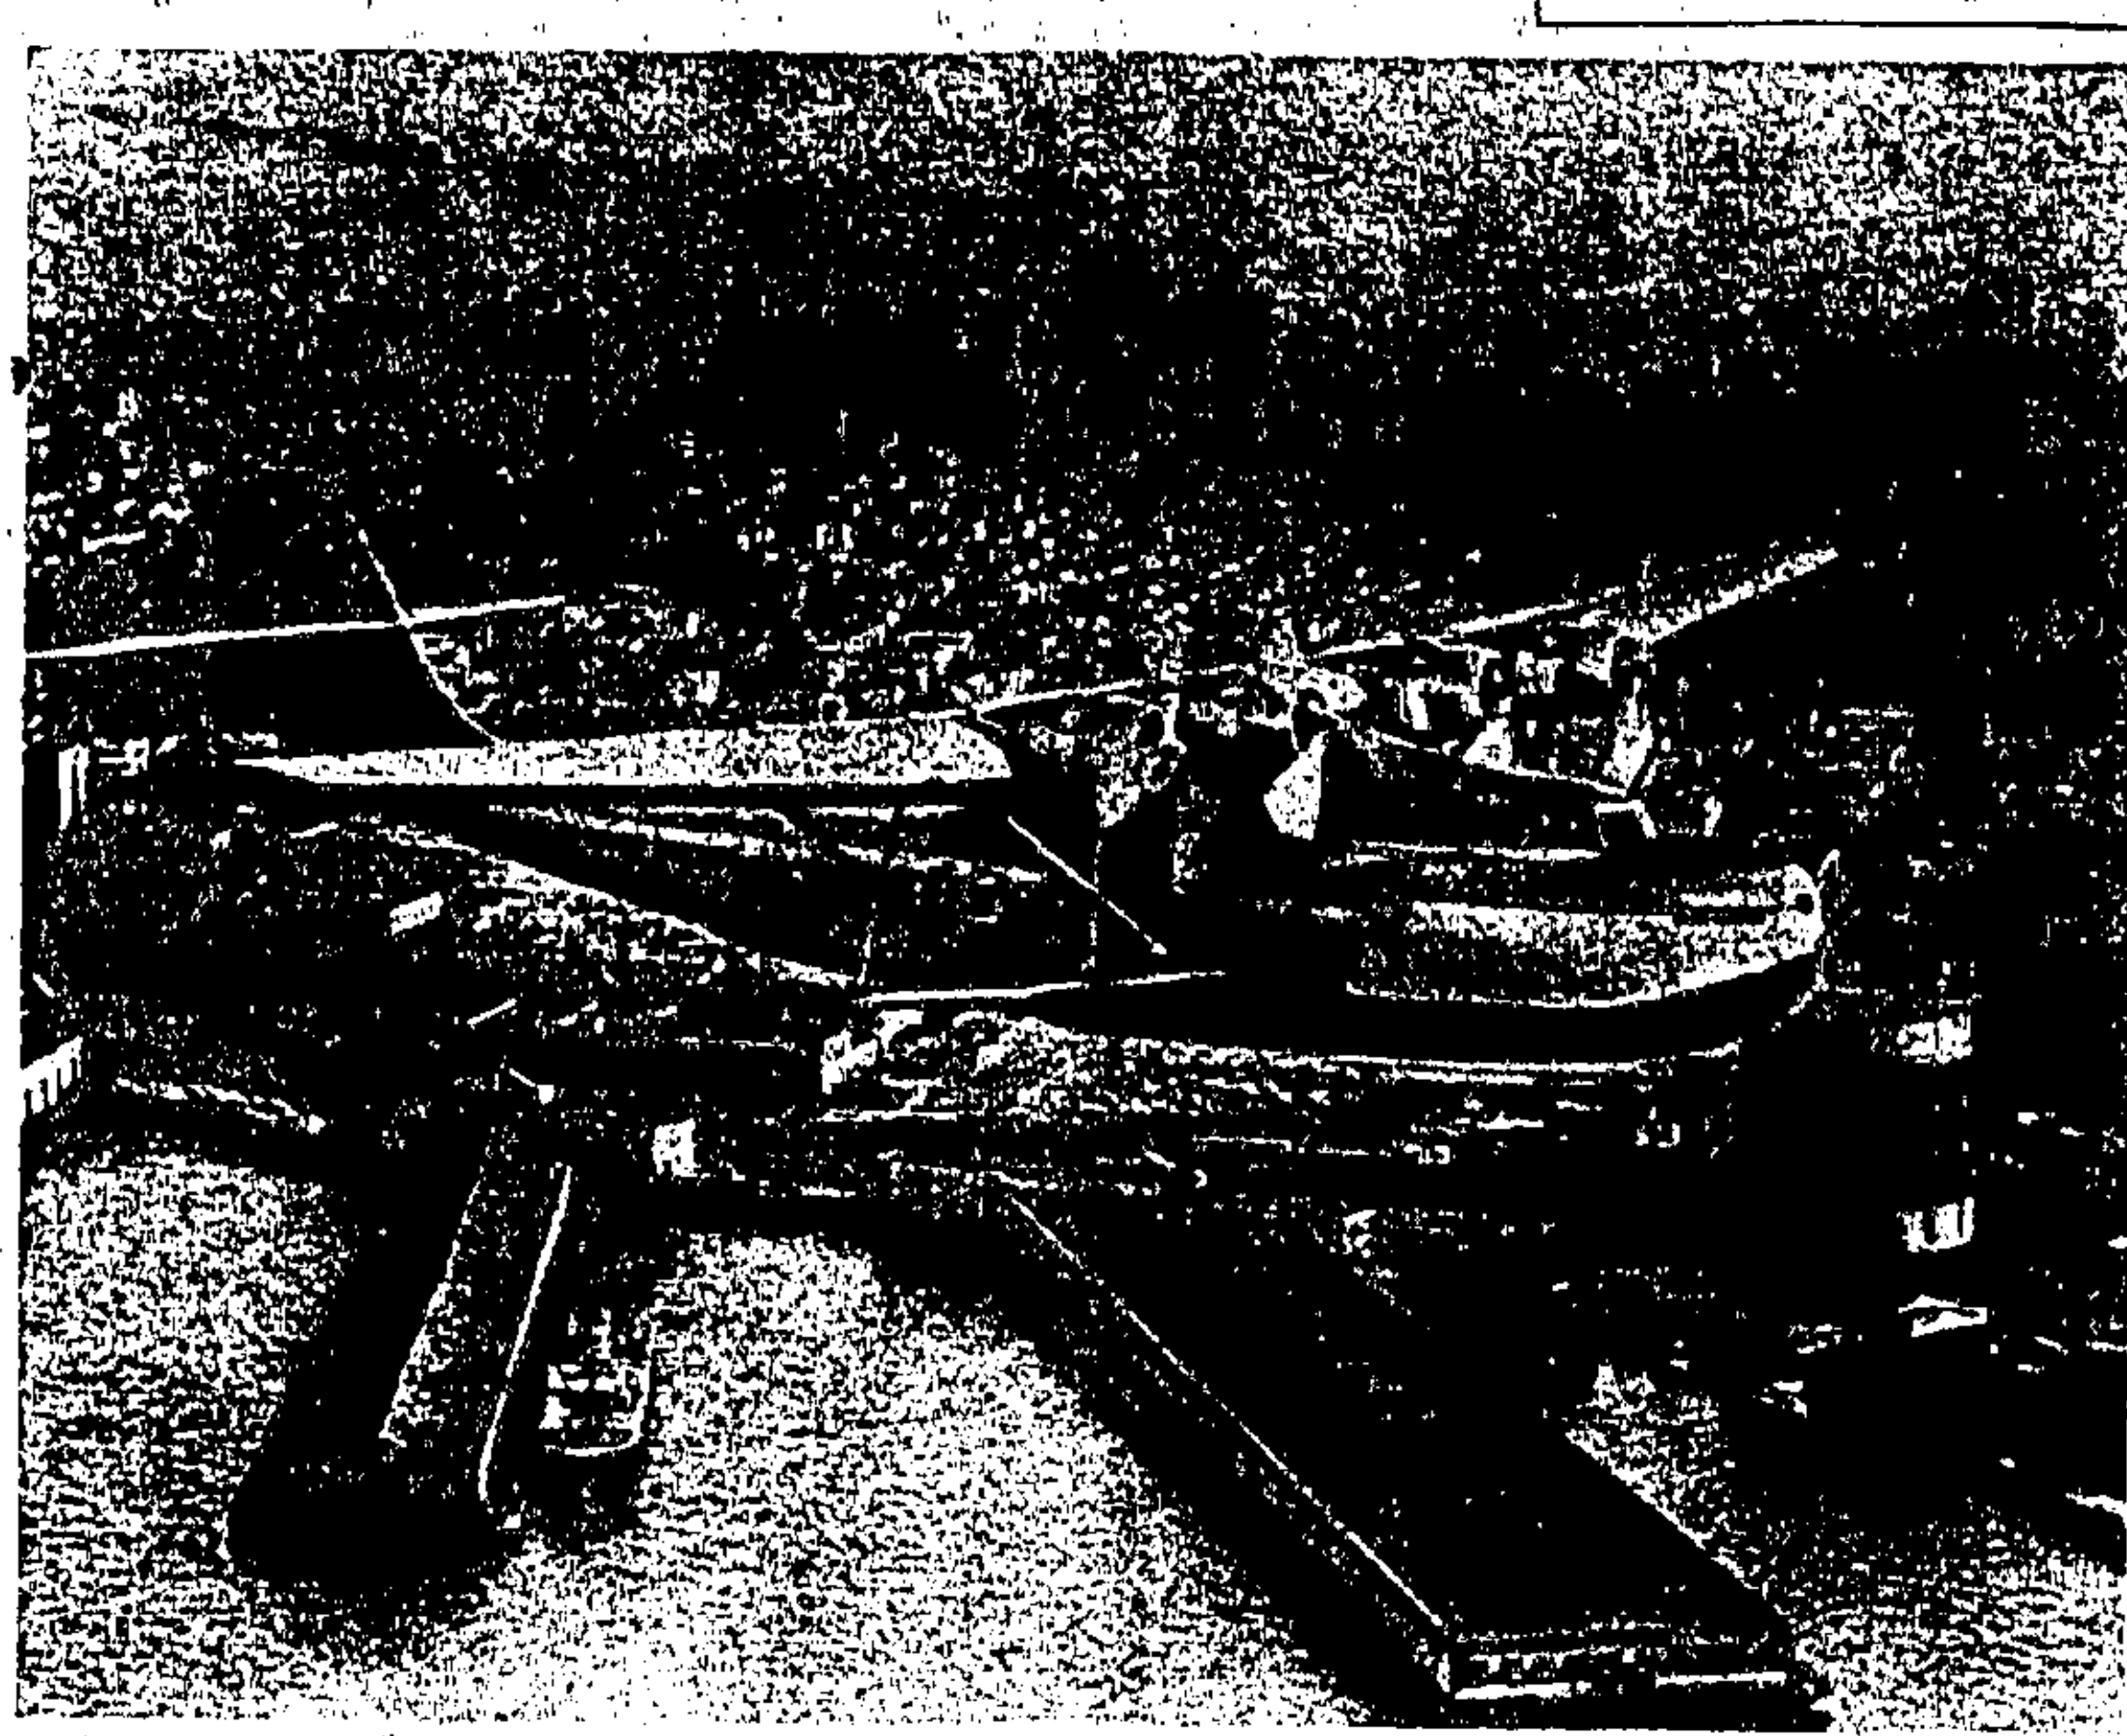

THE PAN-AMERICAN AIRWAYS FLYING BOAT HAWAII CLIPPER, with six passengers and a crew of nine aboard, is five hours overdue at Manila after a 1,600-mile flight from Guam Island in the Pacific Ocean.

Though only 565 miles from Manila when she was last contacted, officials are most concerned over the Clipper's safety.

The machine ordinarily reports regularly every hour.

In her last report, for some reason not explained, the Clipper was south of her usual course though the pilot did not mention any unusual weather or mechanical trouble.

FINAL VICTORY WILL BE FOR CHINESE NATION

Optimism Expressed By General Lung Yun, Governor Of Yunnan

DEFENCE OF HANKOW

Kunming, July 29.

The important part Yunnan must play in the present war of resistance against Japan was emphasized by General Lung Yun, Chairman of the Yunnan Provincial Government, yesterday upon his return from Hankow where he had held important meetings with Generalsissimo Chiang Kai-shek and other leading Government officials.

General Lung expressed optimism as to the outcome of China's war against Japanese aggression under the leadership of the Generalsissimo. He believed that both final victory and the rebirth of the Chinese nation should not be far away.

Vigorous steps, according to the Yunnan Governor, have been taken by the provincial authorities for the economic development of Yunnan.

During his brief stay in Hankow, concrete measures as regard financial and technical co-operation between the central and provincial authorities were mapped out, adding further impetus to the great task which is already under way.

Referring to the war situation, General Lung believed the Chinese army will be fully able to defend Hankow against a swash-buckling invader who has nearly spent his force.

General Lung said the deeper Japan penetrates into the interior along the Yangtze, the better the Chinese forces will be able to deal out staggering blows. Hankow's geographical position, ideal for defensive tactics, together with the determination of China's fighters to make strong stand and their equipment of modern weapons of defence, will tell against the invader, he said.—(Central News).

MISHAP IN FRENCH MANOEUVRES

Paris, July 29.

During the French air force exercises at Chalons sur Marne a French pursuit plane collided with and cut the cable holding a captive balloon over the military parade ground.

Although a wing of the plane was damaged the machine made a perfect landing. The balloon immediately shot to a great altitude and drifted a considerable distance before descending owing to the loss of gas.—(Transocean).

The U.S. Navy patrol boat Penguin has been dispatched from Guam Island to begin a search for the Hawaii Clipper which could remain afloat indefinitely, under favourable weather conditions.—(Reuters).

FLYING THROUGH CLOUDS
Manila, July 29.

Greatest consternation is being felt in Manila for the safety of the Hawaii Clipper which left Guam Island at 3.39 a.m. and was due here at 6 p.m.

She last reported her position at 12.09 p.m. when she stated that she was flying through clouds.

Damages Sustained In Japan Floods

Shanghai, July 29.

The total damage sustained during the recent floods in Japan is estimated to be Yen 480,000,000, and reconstruction of public works alone will cost Yen 90,000,000, according to a Tokyo report.

The number of dead and missing in the flood in Kwansi and Kwanto regions are about 1,000 and the injured total 3,894 persons. More than 10,000 houses were damaged or destroyed and 501,275 were inundated, and about 1,500,000 acres of rice fields and farm lands were destroyed.

In view of the war expenditure, the Home Minister, Admiral Nobumasa Suetsugu, is finding difficulty in raising funds for relief.—(International).

KWANGTUNG GOVERNOR DUE NEXT WEEK

Canton, July 29.

Following the visit of H.E. Sir Geoffrey Northcote, Governor of Hong Kong, to Canton, H.E. General Wu Te-chen, Chairman of the Kwangtung Provincial Government, and His Honour Mayor Tsang Yang-fu, will pay a return call on Sir Geoffrey next week. It was learned today.

The Kwangtung leaders will also call upon leading Chinese residents in the Colony to inquire after the welfare of the Chinese community.—(International).

Successful Baltic Sea Swim

Berlin, July 29.

The young Danish woman swimmer, Jenny Kammergaard, who as previously reported was making an attempt to swim across the Baltic Sea from Gjedser, in Denmark, to Warnemuende, on the German coast, landed near Warnemuende this morning at 11.15 o'clock having taken 40 hours approximately to perform this feat, of which she is the first person to accomplish.

The achievement is all the more remarkable since the swimmer who entered the water at Gjedser on Thursday morning had to struggle against powerful under currents. This explains why she could not reach her destination on Thursday evening as she had originally hoped.

The distance between Gjedser and Arneumunde is about 42 kilometres as the crow flies which is from 6 to 8 kilometres more than the distance from Dover to Calais.—(Transocean).

Military Truck Overturns

FIVE JAPANESE SOLDIERS KILLED

Shanghai, July 29.

Four or five Japanese soldiers were killed and at least eight others injured, some seriously, when a military truck in which they were travelling to Shanghai from Tsingpu with three Chinese prisoners overturned in Hungjiao Road near the golf links at 10.30 this morning, according to the Shanghai Evening Post and Mercury.

Japanese Use Of Poison Gas Confirmed

Hankow, July 29.

Reports that Japanese troops in the Matang sector below Kluikiang had used poison gas in their attacks on the Chinese forces were confirmed by Dr. H. Talbot, British surgeon in the Nanchang General Hospital, in a written report received in Hankow.

Dr. Talbot, who is well-known in Hong Kong, was recently sent to Nanchang by the International Red Cross for Central China.

After having examined nineteen wounded Chinese soldiers, all evacuated from the Matang area following the hostilities between July 2 and 5, he found conclusive evidence that the men were suffering from the effects of poison gas.

He concluded his report with the following statement: "These cases were all seen in Nanchang and, in my opinion, were all caused by gas poisoning of the mustard gas type (possibly chlorine)." — (Central News).

Revolution In Crete Island

INSURGENTS OCCUPY CANEA

Athens, July 29.

A revolution led by a certain Mitsotakis, nephew of the late M. Venizelos, broke out on Crete Island today.

The insurgents, numbering 500 men, occupied Canea and the wireless station and arrested the Governor and the authorities of the Island.

The Greek Government immediately took counter-measures by sending two regiments to Crete Island.

Neither reasons nor the aims of this revolutionary movement have yet been ascertained. A communique states that as soon as Premier Metaxas was informed of the events, he immediately gave orders for the despatch of strong military, naval and air contingents to Crete.

It is emphasised in official circles here this afternoon that absolute calm prevails in all parts of Crete, outside the town of Canea and also in the whole of the rest of the Greek kingdom.

DAMAGES AWARDED IN ACTION FOR LIBEL

Letter That Suggested Traders Were Dishonest

Damages in the sum of \$250 were awarded to the Mowins Company in a libel suit against the Empire Trading Company before the Acting Judge, Mr. Justice E. H. Williams, at the Summary Court yesterday.

Plaintiffs claimed \$1,000 in respect of a letter written by the defendants to the Insulating Products Ltd., of London, such letter containing an innuendo that plaintiffs were dishonest and did not promptly pay over money received by them from their customers, whereby plaintiffs had suffered damages and special damages.

Mr. C. A. Sutherland Russ appeared for plaintiffs and defendants were represented by Mr. M. A. da Silva.

Mr. Russ said the claim was for damages for libel contained in a certain letter written by defendants to a firm in Newcastle. Plaintiffs were merchants carrying on business in David House and defendants were manufacturing representatives and commission agents who used to carry on business in the Bank of Canton Building but who were, he believed, now reduced to a cubicle.

Plaintiffs had had in their employ a man named Hue Lim-seng, who had been dismissed about April as he was thoroughly unsatisfactory. Defendants had taken in this man.

WROTE TO NEWCASTLE

On April 4 defendants wrote to the Insulating Products Ltd., of Newcastle, the letter which was the subject of the action. How many other letters defendants may have written to other customers of plaintiffs Mr. Russ did not know. The Insulating Company, who were very indignant about it, sent the letter on to plaintiffs.

Mr. Russ submitted that though in this case they could not prove that they had suffered special damages, he would satisfy His Lordship that in a case of libel as distinct from slander it was not necessary for him to prove such special damage.

THE LETTER

The letter, which reads as follows, was then quoted:—

"One of our friends, representing a local Chinese import firm, who left last February, gave us your address, advising us to write and ask you if you would entertain making an agreement with another concern for the sale of your paints, anti-rusts and anti-corrosives, etc., in case your present agent does not give you satisfaction."

"We have learnt that part of your consignment has been sold and that you have not yet received any remittance."

CHINESE WOMAN LEADER, FLYING TO CONFERENCE

The Hawaiian Clipper will leave Kai Tak today on her homeward journey and will carry, among others, Miss Lucy H. Tou of Tientsin, recently arrived from Hankow. Miss Tou, a charming young lady, attended the Pan Pacific Conference of World Students' Federation in America in 1936.

She was a student of the Yen-ching University and was Dean of the Women's College of the Central China University in Wuchang. Miss Tou is leaving for the United States to attend the World Youth's Conference as a member of the Chinese Delegation.

ENGINEER CHARGED

William Chester Sage, 46, engineer, appeared before Mr. Edwards at the Central Court yesterday charged with failing to report his intended change of address within a week to the police.

Defendant, it was stated, came to the Colony on July 4 and took up residence at the Gloucester Hotel. From July 18 to July 23, he was reported missing and police investigations revealed that he had been staying at the European YM.C.A., Kowloon.

ARMS POSSESSION

Au Kam, 29, unemployed greaser, appeared before Mr. Butters at the Central Court yesterday on a charge of possession of a revolver and six rounds of ammunition. Detective-Inspector W. N. Darkin who prosecuted, applied for a remand of 72 hours which was granted.

The St. John Ambulance Brigade requests members of the public who passed the recent A.R.P. examinations to call at the Headquarters, Tai Hang Road, for their certificates.

TRAFFIC CASES AT CENTRAL

E. H. Watts, of Imperial Airways, was yesterday fined a total sum of \$15 by Mr. Butters at the Central Court when he appeared on two summonses for breach of traffic regulations. He was alleged to have speeded in the controlled area in Queen's Road East on July 14, and had failed to notify his change of address to the Traffic Department.

Regarding the first count, Traffic Sergeant Sargent said he was following defendant and estimated the speed as being over 30 miles per hour.

DOCTOR FINED

Dr. Roy Mar, of Oi Kwan Building, was fined \$5 for leaving his motor car unattended in Pottinger Street on July 12.

MAGISTRATE AS WITNESS

Mr. H. R. Butters, Senior Magistrate at the Central Court, gave evidence for the prosecution in a case in which R. C. Beavan, of the Hong Kong Hotel Garage, was summoned for driving without due care and caution, at Stubbs Road on July 1. The summons was taken out at the instigation of Hon. Mr. S. Caine.

Before Mr. Edwards yesterday, Mr. Caine said that on July 1 he was driving along Stubbs Road and when nearing the junction of Wanchai Gap and Wongneichung Gap, defendant's car rounded the bend on the wrong side of the road and caused him to stop sharply to avoid an accident.

Mr. Butters told the Court that he was following Mr. Caine's car and he had to stop suddenly when rounding a bend because Mr. Caine's car had pulled up. He later noticed defendant's car passing by.

A fine of \$10 was imposed.

ACCUSED FREED

Li Kwai appeared before Mr. Edwards at the Central Court yesterday, on charges of shop-breaking and receiving stolen property, and was discharged on grounds of insufficient evidence.

Detective-Sergeant J. Hunter alleged that defendant was arrested while in an attempt to sell the used stamps which were stolen from a stamp dealer at 57 Queen's Road Central.

Defendant said he bought the stamps from a cooiler for a small sum of money, and denied guilty knowledge.

SCHOOL CERTIFICATE EXAMINATION

Important Changes Proposed

Important changes in the School Certificate Examination are foreshadowed in Circular 1463, issued by the Board of Education on July 19, says The Times. This examination is conducted by eight approved examining bodies, and every year between 60,000 and 70,000 boys and girls enter for it, generally in July.

The syllabus for the examination is divided into four groups. Group I includes English subjects; Group II, foreign languages; Group III, mathematics and the sciences; and Group IV, practical and commercial subjects. In order to get a School Certificate a boy or girl in the past has generally been obliged to pass in Groups I, II, and III, and in five subjects altogether; he or she has also been obliged to obtain a credit in one subject.

It has been held in some quarters that to expect a boy or girl to show proficiency in English subjects, languages, and mathematics or science, with a credit in one subject, as a condition of getting a certificate is too rigid, and the changes foreshadowed by the circular will alter this.

If these changes are adopted every boy or girl who wants to get a School Certificate must pass a test in the English language and will have also to pass in five subjects taken from at least two groups, of which either Group II or Group III must be one.

The effect of this is that a candidate need not offer a foreign language or, alternatively, mathematics or science. The requirement of one credit will also be abolished.

THREE GRADES OF SUCCESS

One effect of the changes will be that the practical and commercial subjects will be given greater importance, and the board draw attention to the great importance of a satisfactory standard of an examination in these subjects.

Another effect will be that in future the results in every subject will be shown on the certificate in three grades of success—pass, credit, and very good.

Hitherto it has been possible to obtain only a pass or a credit; it will now be possible for candidates who obtain high marks in some subject to have the fact recorded on their certificates.

The board point out the danger of making the examination too competitive and including questions designed to pick out the cleverest pupils.

The School Certificate is the normal qualifying examination taken by most pupils in secondary schools, and is not primarily intended to select the ablest.

The changes are at present only in the form of recommendations by the Secondary School Examinations Council to the board, which the board have approved. It will be necessary for them to be adopted by the eight examining bodies before they are put into effect. If adopted, they will probably come into effect in 1939.

HITLER DEFIED

REFUSE TO RETURN

I hear from Berlin that six of the forty German military advisers with the Chinese Government have defied the recall notice served on them by Herr Hitler.

The other thirty-four, headed by General Alexander von Falkenhayn, have already left Hankow, writes a Home correspondent.

The six have good reasons for refusing. Two have Chinese wives who object to leaving China at such a critical time. Three are Jews. The sixth is the most interesting of them all.

He is Captain Stennes, chief of the Personal Bodyguard of Generalissimo Chiang Kai-shek.

EXPULSED

Stennes was powerful in Nazi Germany. He was a North German Storm Troop leader, second in command only to Captain Ernst Roehm.

In 1931 he revolted against Roehm. He was expelled from the party and left Germany. He realises now how fortunate he was. For Roehm and all his immediate associates died in the "purge" of 1934.

CATHOLIC NEWS AND NOTES

FOUNDERS' WEEK

The coming week might well be called "Founders' Week" because it contains the feast-days of some remarkable men who founded Religious Orders that are well known in the Catholic Church.

The first is tomorrow, the anniversary of the death, and now the feast, of St. Ignatius Loyola, the founder of the Jesuit Order, the Society of Jesus. He was a Spaniard and was born at the end of the fifteenth century.

The second is that of St. Alphonsus Liguori, an Italian, who founded the Congregation of the Most Holy Redeemer, whose members are commonly called Redemptorists. He lived two centuries after St. Ignatius.

The third is the feast of St. Dominic, who gave his name to the Dominican Order, though the more correct name is the "Order of Preachers." He was born in the latter half of the twelfth century and lived into the thirteenth. He was a Spaniard.

Another founder, Blessed John Columbian, an Italian, also died on July 31, the same day as St. Ignatius, and by a strange coincidence, his followers were known by a name very similar to that of the followers of St. Ignatius, Jesuites. The numbers of this Order were never very great, and when they dwindled away the Order was finally suppressed a few years before the birth of St. Alphonsus Liguori.

TRANSFIGURATION

Next Saturday is the feast of the Transfiguration, one of the less known incidents in the life of Christ. It is one of the incidents described in the New Testament that seems to exercise much less attraction than most of the others of Christ's life, and probably many who read the Scriptures would pass it over were it not for the fact that Raphael's picture fixed it in their memory.

Many painters, including Holbein, Titian and Perugino have painted the scene, but none can be put in comparison with that of Raphael. The picture is now the chief glory of the Vatican gallery. Raphael was occupied in painting it when he got the fever from which he died. He was painting it in the Vatican for Cardinal Giulio de' Medici, and he was stricken suddenly, and on his thirty-seventh birthday, which that year fell on Good Friday, he died.

The unfinished masterpiece was hung at the head of the bier when his body lay in state, to be visited by all who were great in Renaissance Rome.

The feast of the Transfiguration was then less than a century old. It was put on the regular calendar of the Church by Callixtus III, one

DEATH OF WELL-KNOWN ETCHER

All who appreciate the delicate art of etching will regret the death of Mr. Frederick Landseer Maur Griggs, a member of the Royal Academy, and one of the leading exponents of the art in England.

Mr. Griggs, who was 62, began life as an architect, and it was from his work as an illustrator of topographical books that he passed on to etching, at which he quickly made a reputation. Specimens of his work are now to be seen in all the leading galleries in England, as well as in the Dominions and the United States. He took a leading part in every movement to preserve the beauties of England and to protect its ancient buildings.

He was received into the Catholic Church in 1912 and later became President of the Guild of Catholic Artists. Two years ago, when there was a protest made by several leading artists about the decoration of Westminster Cathedral, he was named member of the Committee appointed by the Cardinal to advise on the whole question of the decoration of the Cathedral.

A PILGRIM WITH A SKETCH BOOK

An English artist who shared with Mr. Griggs love of all the old buildings of England is Mr. Peter Anson, happily still living. He is the son of an admiral, and the descendant of another one still more famous, Lord Anson, the navigator.

Mr. Anson joined the Catholic Church a year before Mr. Griggs. He was at that time a member of the Caldey Anglican Benedictine community whose group conversion caused a great deal of comment at the time. He is an artist in pen-and-ink and water colour, and has exhibited in the Royal Academy and in numbers of other exhibitions.

His chief subjects are buildings and boats. His style is a very distinctive one, conspicuous for its engaging simplicity. He contributes a weekly sketch to the London Universe, and he has published many sketch-books of visits to various places.

The sea is in his blood, and he has always taken a great interest in everything connected with it. One of the most practical forms of interest is the "Apostleship of the sea," for the benefit of Catholic sailors, of which he was one of the founders, and of which he was Organising Secretary for several years.

LESSON SERMON

First Church of Christ Scientist Hong Kong

The subject of the Lesson Sermon in all Christian Science churches tomorrow, July 31, will be "Love." The Golden Text will be: "The Lord is good to all; and his tender mercies are over all his works" (Psalms 145:9). Among others the following citations will be read from the Bible:—"No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit. And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him. Nay, in all these things we are more than conquerors through him that loved us. For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord (1 John 5, Romans 8).

The following citations will also be read from the Christian Science Textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: God is love. He is therefore the divine, infinite Principle, called Person or God.

The Jewish tribal Jehovah was a man-projected God, liable to wrath, repentance and human changeableness. The Christian Science God is universal, eternal, divine Love, which changeth not and causeth no evil, disease or death.

Spiritual development germinates not from seed sown in the soil of material hopes, but when these decay, love propagates anew the higher joys of Spirit, which have no taint of earth. Each successive stage of experience unfolds new views of divine goodness and love. When the evidence before the material senses yielded to spiritual sense, the apostle declared that nothing could alienate him from God, from the sweet sense and presence of Life and Truth. (Pages 302, 140, 66).

Prayers For Jews

In every synagogue in the British Isles and in the Dominions a special prayer, composed by the Chief Rabbi, Dr. J. H. Hertz, was recited on July 18—Intercession Sunday for the Jews of Germany and Austria.

Prayers in the same cause were offered in Anglican churches, following a request from the Archbishops of Canterbury and York, in the Free Churches, and in Roman Catholic churches.

The Board of Deputies of British Jews, the representative body of Anglo-Jewry, at a special meeting in London, placed on record its "deep indignation at the persecutions and defamation" to which their "defenceless co-religionists in Germany and Austria" were being subjected.

THE SERVICES

ROYAL NAVY

DESTROYER FLAGSHIP IN THE MEDITERRANEAN

The cruiser Galatea completed to full crew at Devonport on July 18, after refit, by Captain E. G. H. Bellars, late of the Tactical Division, Naval Staff, and will leave for the Mediterranean early next month to resume duty as flagship of the Rear-Admiral (Destroyers). The Galatea relieved the Coventry on this service on being completed in 1935.

Rear-Admiral J. C. Tovey, C.B., D.S.O., commanding the Mediterranean Flotilla, is flying his flag temporarily in the Shropshire of the 1st Cruiser Squadron, and has recently been at Palma. The Shropshire will return to Malta on July 30.

COMMANDERS' NEW POSTS

Commander H. Drew, D.S.O., who retired recently from service as executive officer of the Amphion, flagship at the Cape, will join the staff of the Admiral Commanding Reserves.

Commander A. W. Clarke, who brought home the escort vessel Penzance from the Africa Station in May, joins the battleship Royal Oak as executive officer in succession to Commander A. T. G. C. Peachey. The Royal Oak returned to Devonport on July 10 from Scottish waters.

The appointment dates from July 18 of Commander H.B. Ellison from the Torpedoes and Mining Department, to command the escort vessel Fowey in the Persian Gulf in succession to Commander M. H. Eveleigh. The Fowey is at present refitting at Malta, where a new crew is to join her about the end of this month.

COMMANDER D. G. REID

Lieutenant-Commander D. G. Reid, Assistant Inspector of Naval Ordnance at Birmingham, will be placed on the retired list on attaining the age limit of 45, with the rank of commander.

RETURN OF THE EMERALD

The cruiser Emerald, Captain A. W. S. Agar, V.C., D.S.O., returning from the East India Station, arrived at Chatham on July 18.

NAVAL APPOINTMENTS

The following appointments are made by the Admiralty:—

Engr. Capt. C. J. G. Mackenzie, C.V.O., D. C. Bennett, and P. D. Fulford, to Victory for ces. (Aug. 2, 2, and 17 respectively).
Cdr. (E)—S. T. G. Bartwell and R. C. W. Bett, to Victory for ces. (Aug. 2); A. J. Wallis, to King George V (Aug. 9); W. H. Taylor-Young, to Illustrious (Sept. 1).
Temp. R.C. Chaplain—Rev. J. F. Dougherty, to Victory for R.N. Hospital, Haslar, and for Gosport (July 15).

Lt. (F/O, R.A.F.)—E. A. Greenwood, to Cornwall (July 29).

Cdr. Gnr (T)—A. D. H. Ashthorpe, to Mackay (July 18).
Act. Gnrs. (T)—P. G. Parkhurst, to Echo, and A. J. Stanton, to Fame (Aug. 1).
Gnr. (T)—J. A. Ellis, to Defiance (Aug. 8).

PROMOTIONS

Lt.-Cdr. (Retd.)—W. G. Gerard, to rank of Cdr. (Retd.) (seny. July 17).
Wt. Elect.—C. C. Jerome, to rank of Cdr. Elect. (seny. July 8).

THE ARMY

MOTOR-CYCLE TRIALS

Since motor-cycle reliability trials and competitions are now part of military training, the Northern Command held a reliability trial at Reeth (about nine miles west of Catfick Camp) on July 19. The winning team will compete in the Army Trial in October, or November for a challenge trophy which is to be presented by the Imperial General Staff.

The course for the Northern Command trial consisted of two laps of a figure of eight circuit over roads, tracks, test hills, and water splashes. Some 15 Regular Army teams took part, each consisting of one officer and three other ranks. All ranks of the Territorial Army and civilians (particularly members of motor-cycle clubs) were spectators, and marshals at Reeth village green gave particulars of the course. It is hoped next year to extend these motor-cycle trials to units of the Territorial Army.

ROYAL AIR FORCE

NEW CLASS OF AIR OBSERVERS

Details are announced in Air Ministry Orders of the conditions of service of the new class of air observers who for a limited period are to be entered directly from civil life on short engagement to assist in meeting the largely increased requirements of the R.A.F.

The majority of the 550 observers required under the new recruiting scheme will be obtained from this source, since it will not be possible to fulfil requirements from alrmen now in the Service. Posting of directly entered air observers to Service units will begin in February, 1939.

Entrants must be of good education, and must be between 18 and 25 years of age. Training will consist of three months' instruction in navigation at a civil school, a short disciplinary course at No. 1 R.A.F. Depot, Uxbridge, and 12 weeks' instruction in gunnery and bombing at a Service observers' school.

The initial engagement will be for four years' Regular service and six years in the Reserve; extensions of Regular service to six years may be permitted. Rank while under training will be that of leading air-craftman, and afterwards that of corporal on probation till the completion of 12 months' satisfactory service in the rank.

TRAINING AS PILOTS

The new entrants will subsequently be trained as airman pilots, if suitable, but it is emphasized that their entry will not affect adversely the prospects open to serving airmen of becoming air observers or airman pilots.

Recommendations for pilot will be made to the Air Ministry on April 1 or October 1 preceding the date of completion of three years' total service. On qualifying as pilots they will be promoted to the substantive rank of sergeant, and will be eligible for consideration for permanent commissions equal with other airman pilots.

Pay and allowances as air observer amount to £235 a year, and as pilot to about £300 a year. On transfer to the Reserve after satisfactory completion of the full period of Regular Service, a gratuity of £25 for each year of service after the first year will be paid.

R.A.F. APPOINTMENTS

The following appointments in the Royal Air Force are notified:—

FAR-REACHING CHANGES IN ARMY ANNOUNCED

New Time Scale Of Promotion Amongst New Measures

LARGEST GAZETTE IN HISTORY

London, July 29.

Far-reaching changes in the conditions of combatant Army officers, including a new time scale of promotion as the immediate result of which 2,000 will receive promotion as from Monday, August 1, were announced by the War Secretary, Mr. Leslie Hore Belisha, in the House of Commons yesterday.

Changes have been made, he indicated, to make the Army career as secure and attractive as possible. Mr. Hore Belisha gave the House a general outline of the proposals, in the course of which he said the new system of direct commissioning from the ranks would be introduced in place of the present system of passing candidates from this source through Woolwich and Sandhurst.

A further important change, designed to open Woolwich and Sandhurst to any suitable candidate whatever his means, was the removal of the present limitation on the number of scholarships. It would thus be possible for any qualified candidate to obtain a completely free education at Sandhurst or Woolwich and no charge whatever would fall upon his parents either for keep, scholastic material, uniform or equipment.

METHOD OF PROMOTION

Another feature of the proposals concerned guaranteed continuity of service in the Army subject to efficiency. The method of promotion by vacancy up to rank of Major would be abolished, and in future every Subaltern would become a Captain in eight years, and every Captain would become a Major in a further nine years, so that every officer entering at a normal age would be sure of approximately 10 years service in the rank of Major if not previously promoted.

Beyond the rank of Major, promotion would be by selection to fill particular appointments. The system whereby officers waiting for appointments are to go upon half pay would be abolished.

GENERAL DUTIES BRANCH

Wing Commanders—H. E. Forrow, O.B.E., R. Young, to Special Duty List.
Squadron Leaders—R. J. M. de St. Leger, to Special Duty List; B. V. Reynolds, to Headquarters, No. 23 (Training) Group, Grantham for Air Staff duties (June 28); T. S. Horry, to R.A.F. Station Seletar, Singapore, for flying duties (July 1).

The tenure of Command and Staff appointments generally would be reduced from four years to three. Ages of retirement for each rank could be lowered—Generals and Lieutenant-Generals from 67 to 60, Major-Generals from 62 to 57, Colonels from 57 to 55, Lieutenant-Colonels from 55 to 50 and Majors from 50 to 47.

INCREASED PAY

The effect of these proposals was considerably to accelerate promotion and thereby give increased pay at lower ages; while in Subaltern ranks, in years before this acceleration began to operate, there would be a substantive increase of pay, in the case of Second-Lieutenants by a shilling per day, and of Lieutenants by 1s. 2d. per day.

A further 100 scholarships of £20 yearly, tenable for three years, would be distributed annually, and thus cumulatively, among Subalterns on first commission who need this assistance.

It could thus be claimed that an Army career throughout its stages would be possible for an officer without private means.

RETIRED PAY

Retired pay in future would be based on the combination of age and length of total service up to the rank of Colonel inclusive, and thereafter would be at fixed rates for each rank. This was in substitution for the present system of combination of rank and service, which in each individual case had made retired pay dependent in a great degree upon hazard.

These measures applied to all combatant corps of the Army and would come into effect on Monday.

Reforms would be so brought into operation that no officer on full pay would suffer compulsory retirement as a consequence, and reduction in tenures of Command and Staff appointments from four years to three would not occasion the displacement of any officer without a year's warning.

LARGEST GAZETTE

In general measures, including the new time scale of promotion and incremental stages, would apply as from the ruling date to officers of the British Army on Indian Establishment, and consequential adjustments of Indian rates of pay issuable to officers on Indian Establishment would be decided shortly.

One effect of the proposals was strikingly illustrated, the War Secretary remarked in conclusion, by the fact that in one day over one quarter of Subalterns and Captains in combatant corps of the Army would be promoted. This would involve the largest Gazette in the history of the Army.

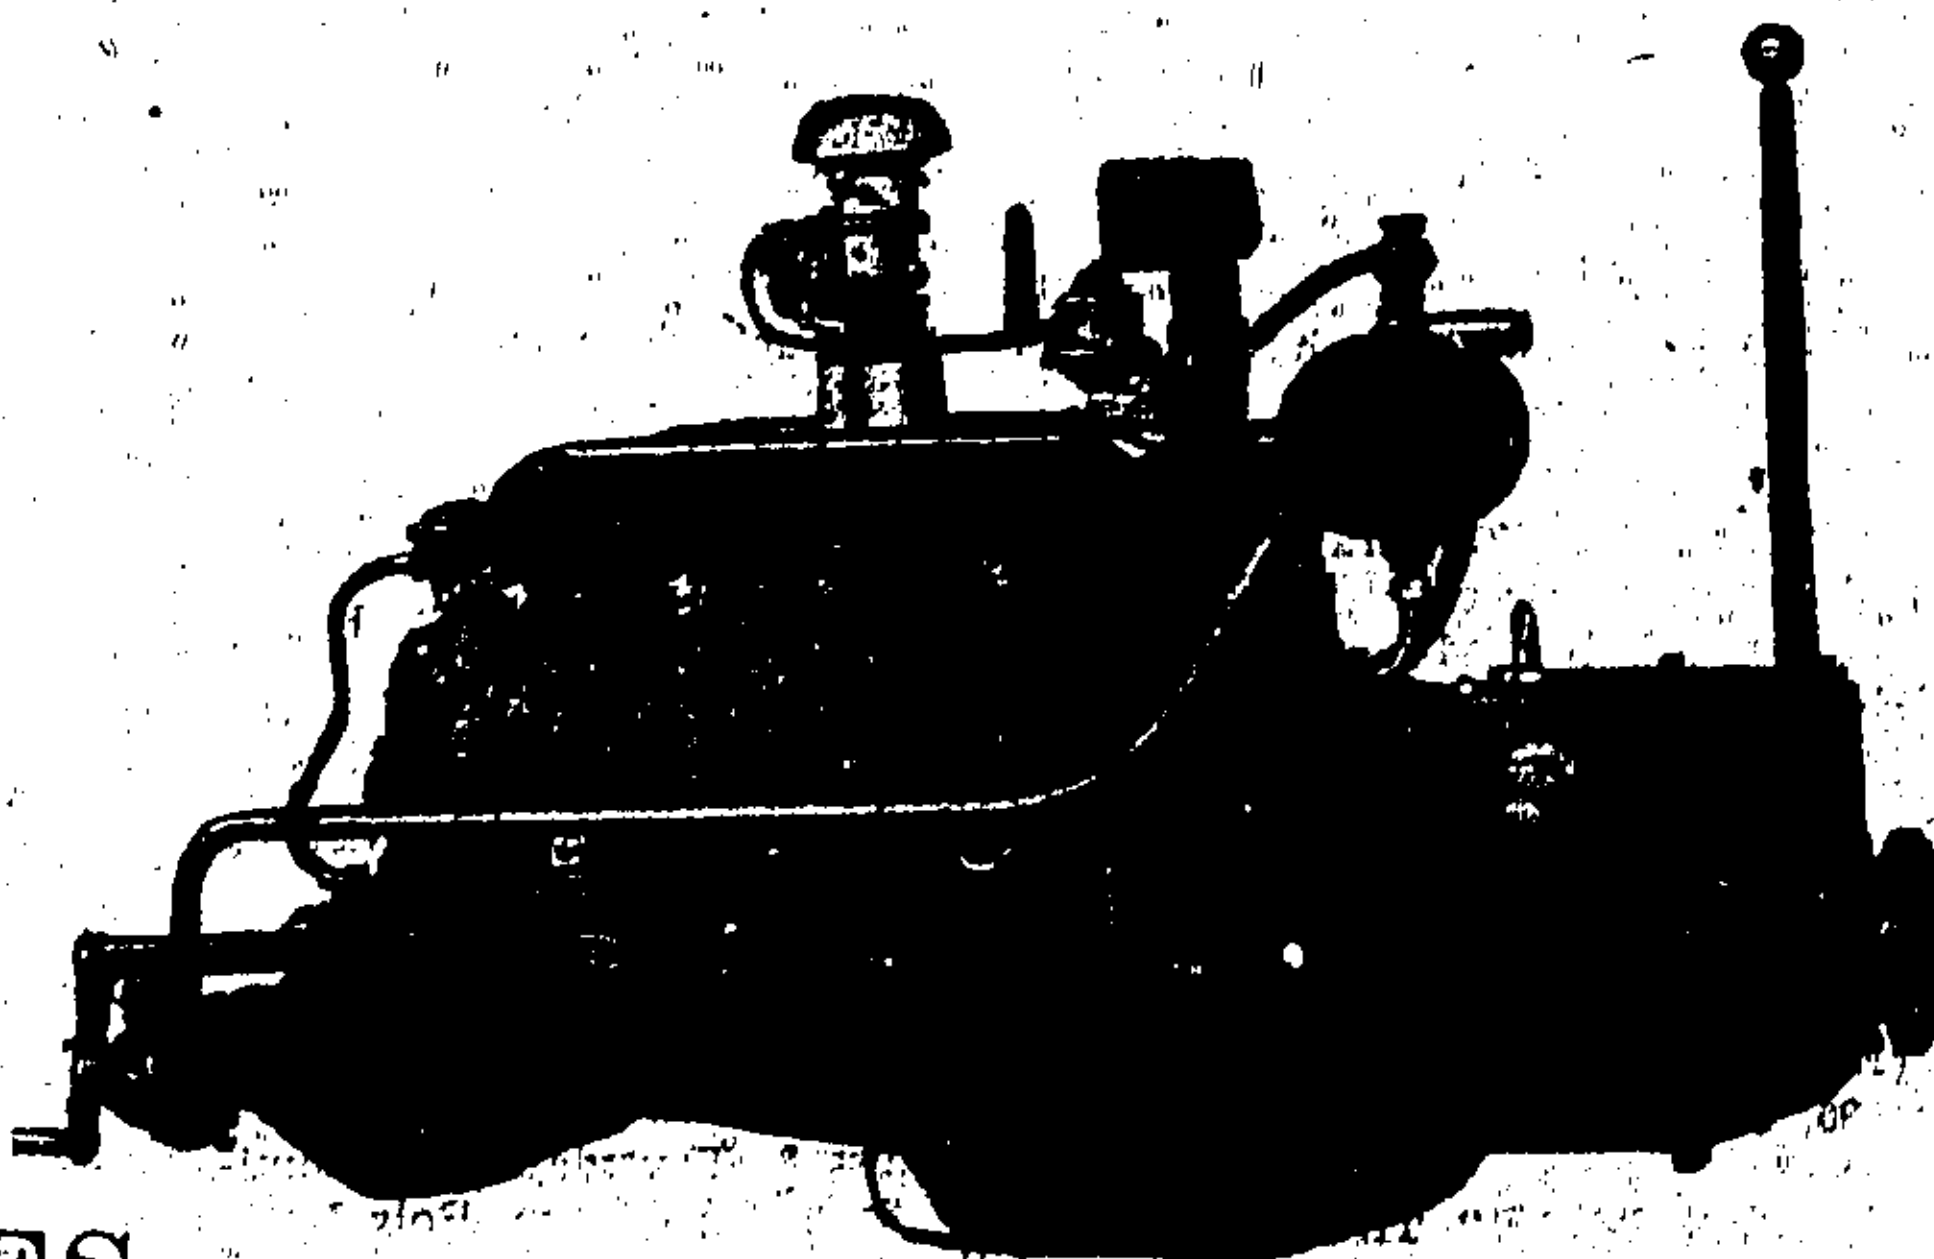

In reply to a supplementary question, Mr. Hore Belisha said the cost of the measures he had announced was estimated at about £386,000 per year, increasing to about £600,000 per year in about 20 to 25 years.—(British Wireless).

CHINESE SHY OF JAPANESE FILM

An experiment in Japanese propaganda may be undertaken in Shanghai as the result of a Japanese motion picture company, rather ambiguously named the "International Motion Picture Company," taking over the premises of the former Chinese "Star Motion Picture Corporation" at Fenglinjiao, in the outskirts of Shanghai, and planning to produce a picture to be called "Light From the East."

Advance reports of the scenario say that it is based on the fictitious experiences of two Chinese students in Japan. While they are at their studies, the plot provides that they are brought under the noxious persuasions of two Chinese political agents—one Kuomintang, the other Communist. But the two students, spurred such lures toward "dangerous thinking,"

On the other hand, they are influenced by a certain Japanese religious leader who befriends them; and introduces them to the beneficent notions embodied in his "Pan-Asiatic Doctrine."

This they embrace, and after their return to China they devote themselves to promulgating the doctrine and working toward the peace of the whole Far East.

GREAT SHYNESS

Whether because of discrepancies between this scenario and Japan's current courses in China, or for some other reason, Chinese actors and directors have shown great shyness, despite Japanese efforts to persuade them to take part in the picture. In fact, no-

Bette Davis is to play the nun in Warner's production of The Miracle. This will follow The Sisters, now in work with Errol Flynn returned from his cruise.

Irene Dunne will make a picture for Paramount, under Wesley Ruggles' direction, in the autumn.

Paulette Goddard is going into a summer stock theatre to play the lead in "French Without Tears."

Twentieth Century-Fox are preparing "The Return of the Cisco Kid" for Warner Baxter. He did the original "Cisco Kid" eight years ago.

Lubitsch has arranged to direct one picture for M-G-M. It may be The Women, starring Norma Shearer.

Lucille Ball has been promoted by Radio from feature status to co-star billing with Jack Oakie in "The Affairs of Annabel."

M-G-M have paid £7,000 for a novel called "Kindling" which King Vidor is expected to direct in England.

sons Baroness Orczy altered it to the French Revolution. Since its first publication the story has been a best-seller in almost every language.

RETURN OF THE PIMPERNEL

One of the most popular characters in modern fiction is brought to the screen again in "The Return of the Scarlet Pimpernel," which is now showing at the King's Theatre.

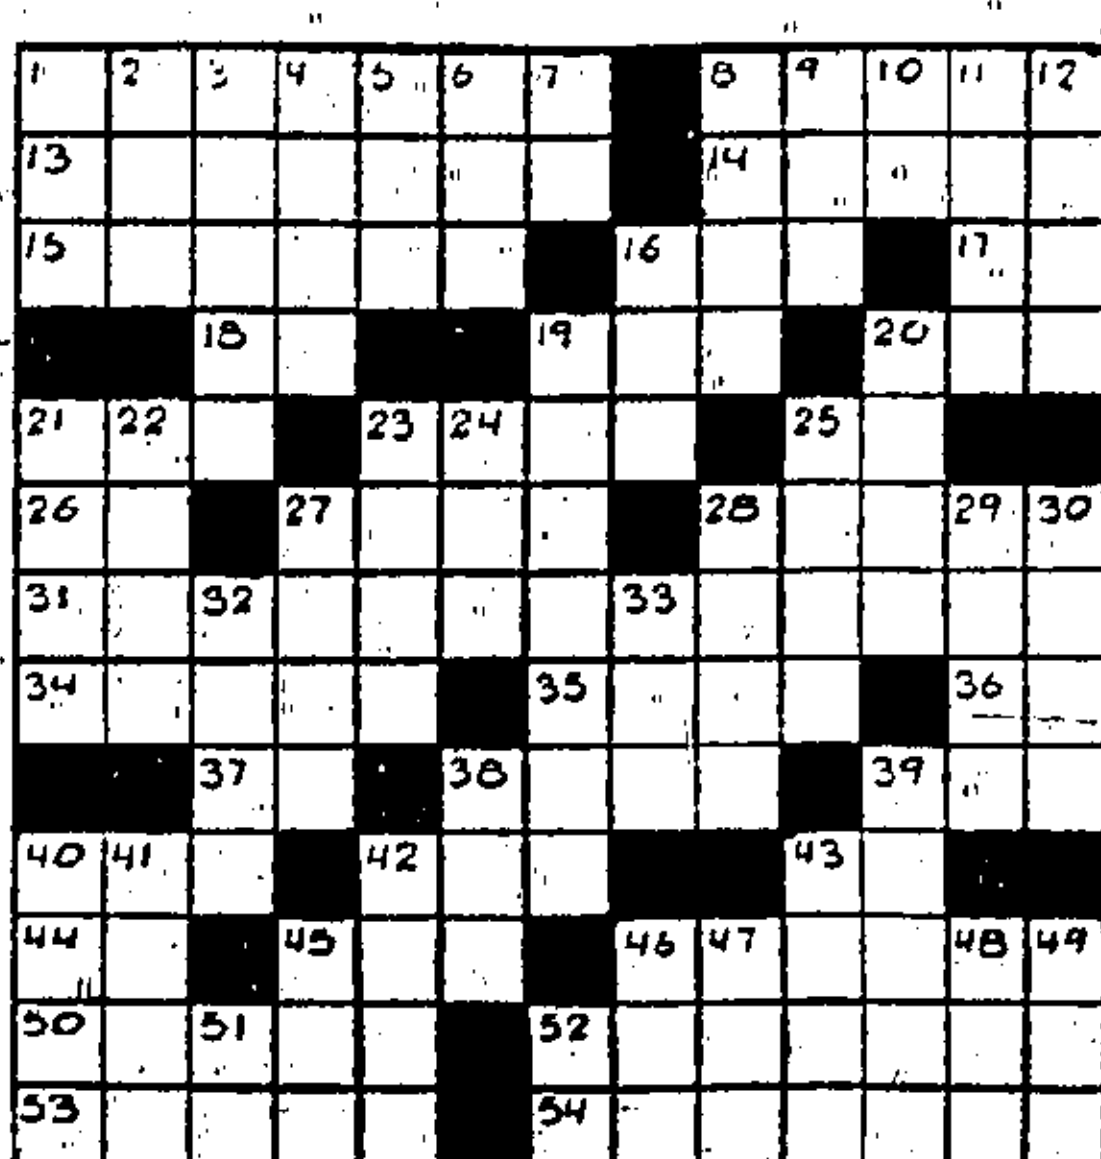

Twenty years ago Baroness Orczy was asked by a famous publishing house to supply a thrilling serial story in rather a hurry. Within fifteen minutes of receiving the commission she had formulated mentally the story of "The Scarlet Pimpernel."

Originally the setting was to be in Russia, but for diplomatic rea-

PRESIDENT ROOSEVELT

Talks About Salmon, Loose Teeth And Lamb Chops

Shirley Temple, stopping in Washington on her coast-to-coast educational motor tour recently, was entertained by the two men she most wanted to see—President Roosevelt and the chief of the G-Men, J. Edgar Hoover.

The child film actress kept Henry Morgenthau, Jr., Secretary of the Treasury, waiting in a White House ante-room while she discussed such "important" problems as loose teeth, lamb chops she had for luncheon, and a salmon she caught at Vancouver Island.

"I was so excited I could hardly talk," Shirley confided to newspapermen outside the President's office. She exhibited an autograph book with the inscription, "To Shirley, from her old friend, Franklin D. Roosevelt."

"This is a very important book now," she told reporters.

Pressed to repeat more of her conversation with the President, she recalled, "I told him I lost a tooth. It fell out last night while I was eating a sandwich. He told me about Sistine and Buzze (his grandchildren) losing their teeth."

At the G-men's laboratory, Mr. Hoover showed her around himself. She enjoyed being finger-printed, but put her hands over her ears when her father tried out the rifle range.

NOVA PILBEAM IN CRASH

Miss Nova Pilbeam, the young film actress described a crash in which her head went through a taxi window (though she could not remember it) in Kingston police court recently.

Ernest Arthur Hardy, of Rosebery Avenue, New Malden, was fined £5, with £5 costs for driving a car without due care and attention.

Miss Pilbeam was about to alight from a taxi at her home at Coombe Lane, Kingston Hill when Hardy's car collided with the taxi. Her forehead was cut and she was thrown to the floor.

A summons against Hardy for dangerous driving was dismissed.

GIRL'S SACRIFICE

Glady's Alloway, a twenty-three-year-old Bath shop assistant, is to have part of another person's eye grafted on one of hers to restore its sight.

A similar operation on her other eye, carried out a few months ago by Mr. T. H. S. Tizzard, hon. surgeon at the Eye Infirmary, Bath has proved completely successful. Ann West, a Frome (Somerset) girl, one of whose eyes had been pierced by an arrow, gave it to Miss Alloway for her cure.

MR. GORDON HARKER NANCY CARROLL'S MARRIED COMEBACK

Mr. Gordon Harker, the Cockney character, was married on July 18 to Miss Christine Barry, the actress, at the parish church of Monxton, near Andover, Hants.

The ceremony, without hymns or music, was performed by the rector, the Rev. J. M. Cobbett.

Mr. Harker's manager, Mr. W. J. O'Brien, was best man, and the bride was given away by Mr. E. E. Linnit, a producer and professional colleague of Mr. Harker.

Nancy Carroll is the newest comer-back. She gets a big featured part with Virginia Bruce and Fredric March in There Goes My Heart.

Nancy vanished from films for a year five years back, and never managed to cut much ice since. Her last film was Lubitsch's last drama, the very excellent Man I Killed. And that's nearly six years old. But Nancy, as well as having fire, used to be both cute and competent.

JAPANESE AT KIUKIANG FAIL TO ESTABLISH CONTACT WITH TROOPS NEAR POYANG LAKE

EVACUATION OF CIVILIANS IN TIME OF WAR

London Committee's Report Now Ready

London, July 29. The report of the Committee appointed to consider evacuation of the civil population from certain areas in the event of war will be published in the near future.

In announcing this in the House of Commons yesterday the Home Secretary, Sir Samuel Hoare, paid a tribute to Sir John Anderson and his colleagues for the expedition with which they had completed their survey of a difficult problem.

He said the Report was lengthy and the recommendations raised important questions of policy some of which Parliament might wish to discuss. He proposed, however, not to delay action on certain work that could usefully be undertaken at once on lines recommended by the Committee and which did not raise matters of policy.

For example, he must increase the staff of the Air Raid Precautions Department to enable it to deal adequately with this large problem.

Sir Samuel Hoare observed that, as the committee had pointed out, the provisions they recommended for evacuation in no way detracted from the necessity for provision of other means of passive defence.

Essential industries and services which were mainly concentrated in vulnerable areas must be carried on and that meant that essential persons must remain and plans be made for their protection. (British Wireless).

Maze Of Hills, Lakes And Rivers Offers Handicaps

Hankow, July 29. The Japanese at Kiukiang have not yet been able to establish contact with their troops on the west bank of Poyang Lake and there is ample chance for the Chinese to strike at them separately, declared a Chinese military spokesman in the course of a press reception yesterday.

The maze of hills, lakes and rivers in north Kiangsi constitutes an advantage for Chinese defence but a disadvantage for Japanese advance, the spokesman pointed out.

Apparently with the intention of co-ordinating the upriver drive on the Yangtze front the Japanese in southwest Anhwei, the spokesman said, have resumed their westward drive into Hupeh. Five thousand Japanese reinforcements have been sent from Anking to Tsienshan.

The spokesman revealed that more Japanese troops in east Honan have been withdrawn eastward. Japanese garrisons at Kail-feng, Lanfeng and Kaoheng, numbering some 2,000 men, are also making preparations to withdraw. Harassing their withdrawal, Chinese guerrillas have attacked and inflicted considerable casualties and have also done great damage to the highways.

NAMOA FIGHTING
The spokesman confirmed that heavy fighting has been raging on Namoa Island since Monday when, under the escort of air squadrons, the Japanese forced a landing at Lungoa and began a fierce attack in an effort to regain the Island. (Central News).

WEST INDIES COMMISSION

To Study Economic And Social Conditions

London, July 29. The Secretary of State for the Colonies, Mr. Malcolm MacDonald, announced yesterday the appointment of a Royal Commission to the West Indies to conduct an investigation into social and economic conditions in the eight West Indian colonies.

The Chairman of the Commission, will be Lord Moyne. Other members will be Sir Edward Stubbs, Mr. Ralph Assheton, Conservative M.P. for Rushcliffe; Dr. Mary Blacklock, famous Tropical Medicine expert; Sir Walter Citrine, General Secretary of the Trade Unions Congress; Dame Rachel Crowdy, who has frequently passed through Hong Kong on International Red Cross and other similar activities; Professor F. L. Engledown, of St. John's College, Cambridge and former Assistant Director of Agriculture in Mesopotamia; Dr. H. D. Henderson, Research Fellow in Economics at All Souls College, Oxford; Mr. Morgan Jones, Labour M.P. for Caerphilly; and Sir Percy Machinon. (Reuter).

KING JOINS FAMILY

London, July 29. His Majesty the King left London yesterday to join the Queen and the young Princesses at Spithead for a cruise in the Royal yacht, Victoria and Albert. Queen Mary also left London for Sandringham, where she will remain for a month. (British Wireless).

SIR MAURICE HANKEY

Received By King On Retirement

London, July 29. Sir Maurice Hankey acted as clerk to the Privy Council for the last time yesterday after 15 years' service.

Following the Council, he was received by the King at Buckingham Palace.

At the end of the last Cabinet meeting before the recess later in the day, the Prime Minister, on behalf of the Cabinet, presented to Sir Maurice a silver clock inscribed with the signatures of all Ministers upon his retirement as Secretary to the Cabinet. (British Wireless).

TWO KILLED IN ALICANTE RAID

Madrid, July 29. A Danish Non-Intervention officer, M. Albert Moyell, and a sailor aboard the British steamer Dellwyn were killed and four others were wounded when the ship was struck by shrapnel during an air raid carried out by insurgent planes at Alicante on Tuesday.

The insurgents dropped 116 bombs. (Reuter).

EXPENDITURE ON ARMAMENTS

London, July 29. The Chancellor of the Exchequer, Sir John Simon, declined to make an estimate in the House of Commons yesterday of the amount by which the former five-year estimate of £1,500,000,000 expenditure on armaments is likely to be exceeded.

When his attention was called to the increase in prices of materials which had taken place since the original estimate, in addition to the expansion of the original programme, he said: "The House has already been informed that the preliminary estimate is likely to be substantially exceeded." (British Wireless).

ANTI-JEWISH TENDENCY IN ITALY

U.S. Ambassador Makes Inquiries

Rome, July 29. According to the Jewish Telegraphic Agency, the U.S. Ambassador to Rome called on Count Ciano, the Italian Foreign Secretary, yesterday and made friendly inquiries on behalf of the United States Government with regard to the meaning of the present anti-Jewish campaign in Italy.

The Ambassador recalled that Count Ciano had previously assured him that there was no room in Italy for anti-Semitism, and said he was seeking a similar assurance now.

Count Ciano is understood to have replied that the racial problem was being studied by the Government and it was too early to say to what extent it would affect the Jews in Italy.

RACIAL PURITY

It principally aimed, however, at preserving Italian racial purity in connection with Italy's imperial racial policy.

Two foreign correspondents, Mr. Arthur Paul Cremona, of the Christian Science Monitor, and Mr. Kleinlehrer, of the Jewish Telegraphic Agency, whose expulsion was recently decreed, left Rome last night for France and London respectively. (Reuter).

DOWNING STREET LUNCHEON

EGYPTIAN PREMIER ENTERTAINED

London, July 29. The Prime Minister gave a luncheon at No. 10 Downing Street yesterday in honour of Mohammed Mahmoud Pasha, Egyptian Prime Minister who was accompanied by the Egyptian Ambassador in London and the Egyptian Minister of Public Works, Hussein Sirry Pasha.

Other guests included Sir John Simon, Sir Samuel Hoare, Sir Thomas Inskip, Mr. A. Duff Cooper, Mr. Horé Belisha and Sir Kingsley Wood. (British Wireless).

JAPAN'S FAILURE

JAPAN, like Britain, is an Island Empire on the edge of a continent but unlike Britain she cannot maintain her influence on the mainland without direct intervention. There is no balance of power in Asia though to a certain extent Japan, in her crude way, has tried to make one by the creation of puppet states in the North. But that is not enough and Japan's dominance can only be brought about if China remains weak and subservient to Japan rather than to Russia.

So, one may say, it was fear that drove Japan to war—fear of China, fear of Russia, fear of communism and fear of those Western ideas which she has striven to keep from her shores. Japan's aims are obviously to destroy the present Central Government of China and to create in its place a puppet Government subservient to Japan. After over a year it is clear that both these attempts have failed.

THE Chinese Government has proved too strong to destroy and the Chinese people too wide awake to deceive. Any chance the Japanese might have had has been ruined by their political stupidity and still more by the atrocities which have marked the progress of their armies.

CHINESE TOO WIDE AWAKE The only result has been to rouse the whole nation to united resistance. By these courses she scorned!

KOWLOON COURT MOVES HER PEN CHARGES

Officer Fined For
Traffic Offences

FORGED BANKNOTE
COMMITTAL CASE

For driving a car without a licence, Mr. K. H. Helm was fined \$5 at the Kowloon Court yesterday. For permitting an unlicensed driver, Mr. Helm, to drive his car, Mr. W. C. Palmer was fined \$10.

For passing a car in a controlled area, Lieut. A. F. D. Colson was fined \$15. Messrs. K. Dember, E. David, and G. S. Tarr were fined \$5 each for parking their cars on the wrong side of Saigon Street.

Mr. Dember protested that the sign warning against parking of cars was not sufficiently illuminated at night to be immediately noticeable.

FORGED BANKNOTE

Yung Wai was committed to the Criminal Sessions after proceedings which kept the Kowloon Court sitting until 7.25 p.m. had been concluded. The charge he will have to answer is "uttering a forged \$5 Mercantile Bank of India note." Defendant is alleged to have attempted to pay his bill at the Tai Wah tea-shop on Temple Street with a forged \$5 banknote.

Wong Pu, charged with aiding and abetting, was released on lack of evidence.

Before Mr. Barnett, a delivery boy was convicted of embezzlement. Pleading guilty to embezzlement of \$31.71 that the proprietor of the Kowloon Confectionary store had found unaccounted for on inspection of the store's books on July 27, and admitting embezzlement of a further \$340, assistant book-keeper Lam Yuk-sang was remanded for 24 hours in police custody to determine how much of the money he is alleged to have embezzled could be refunded.

His alleged accomplice, delivery coolie Lau Wing, was sentenced to 42 days with hard labour and \$7.86 arrears to the store or another week with hard labour. His monthly pay amounted to \$7, with free board and lodging. Sums of \$4.40 and \$3.98 tempted him.

PENINSULA HOTEL
CUTLERY CASE

Next appearance in Court of the eleven remaining defendants in this case, Mr. W. Mackinlay prosecuting for Hong Kong and Shanghai Hotels, Ltd., is on August 6 at 9.45 a.m. when sentence will be passed.

It will be recalled that 1,700 pieces of cutlery were found missing at the monthly stock taking on June 8. The police arrested eleven marine store and junk shop dealers, charged with receiving stolen property, and two Public Works Department coolies, charged with larceny by finding. Leung Chak-lam, silver room coolie at the Peninsula Hotel was later arrested.

Sze Pak-ling, dealer in second hand goods of Kilung Street was called as an "expert witness" to ascertain the value of the stolen cutlery.

Mr. S. Ng Quinn is appearing in defence of two of the men charged and Mr. Hin-shing Lo in defence of a third.

admit their failure but would not confess defeat. They have undertaken lately the far greater work of universal conquest. If possible they are determined to carry the war into every province, first to subdue the whole nation with bombs and bullets and then to rule by the sword.

The ruthless terrorism which contradicted their original supposed policy has been made an essential part of the new programme. They are ready to kill the soldiers, to waste the cities, to destroy means of production and to ruin the country in order to fulfill vain ambition. But can this ambition be achieved?

BEFORE leaving China the head of the German Mission stated that in his opinion China was bound to win—an opinion that is shared by all foreign observers. Japan has neither the money nor the men to conquer China in a ten-year war such as that suggested by General Ugaki. Her only hope of a favourable settlement might have come if she had been willing to accept the mediation of a third Power or to treat with the Central Government, and both these courses she scorned!

Miss Hsieh Ping-ying
At The Front

A soldier authoress is she who writes her books on the war front. China at war—great surprise for the world—does not only have on her fighting front many women soldiers but soldier authoresses as well. Miss Hsieh Ping-ying, for one, is the type who, lacking the strength to hold a gun and shoot, possesses the nerve to move a pen under gunfire.

In her books were recorded the bravery and heroism of Chinese troops and of the corps of girl volunteers working under her leadership on the war front. She organised seventeen girl patriots in Changsha into a war service corps and led them to the war front near Shanghai shortly after the Sino-Japanese hostilities broke out in that sector.

For 80 days, they worked immediately behind the firing lines. At Kaiting, Liuho, Taitsang, Kunshan, Soochow and Wush where some of the fiercest battles were fought were these seventeen girls cheering the gallant Chinese soldiers, comforting them and dressing their wounds.

FINISHING TOUCHES

With the withdrawal of the Chinese forces from Shanghai and Nanking, Women's War Service Corps led by Miss Hsieh returned to Changsha. There it was disbanded, its members joining other war-aid groups in the Hunan capital and elsewhere. Miss Hsieh, the leader, stayed in her Changsha home adding the finishing touches to the books she wrote on the front for her publisher.

But no sooner were her first set of war books on the press than a call came to her from General Li Tsung-jen, Commander-in-Chief of the Fifth War Area with headquarters then in Hsuehchow, urging her to go to the war front again where she was to direct the work of 250 amazons from Kwangsi attached to the various divisions of the Kwangsi army. She packed and went and not until the situation in Hsuehchow became really grave did she return to Changsha.

ILLNESS OF PRINCE
ARTHUR

The serious illness of Prince Arthur of Connaught, who has had to cancel all his engagements, will cause widespread regret.

He was to have visited Egypt in the spring, but on the advice of his doctors the trip was postponed, and he is now at his home in Belgrave Square under treatment. If Egypt and its sunshine were deemed inadvisable, it is hardly likely that the Scottish Highlands will see him in August.

General Fan Hsi-chih and Mr. Yang Hwa-jih have been appointed Directors of the Kiangnan and Pearl River Conservancy Bureaux respectively.

EGYPTIANS COULD NOT CURE MALARIA

Exploration work carried out in Egypt during the last century and up to date, has succeeded in bringing to light the most interesting particulars relating to the life of the ancient Egyptians, and we know with certainty that many centuries B.C. the Egyptians had reached a high state of civilisation.

Information on this point was first obtained from the Pyramids, the huge tombs of the kings, which are still the wonder and admiration of all who are able to see these masterpieces of architecture close at hand.

We also know many things from the ancient manuscripts, the papyrus, which contain numerous details about the manner of life of this ancient people. The papyrus dealing with medicine and medicaments employed by the Egyptians are particularly interesting.

OLDEST KNOWN PAPERUS

The oldest known papyrus devoted to these questions was discovered at Kahun in 1889, near the Ilahun Pyramid, in the midst of the ruins of an ancient city which had evidently been inhabited by the builders of the pyramid. This papyrus, which dates back to about 1850 B.C., contains some medical prescriptions which mention opium, dates, onions, beer, milk, oil and honey.

The most interesting is certainly the Ebers Papyrus, which seems to have been written about 1500 B.C., and contains, moreover, formulae of which a large number had been known much earlier. About seven hundred substances are mentioned there. We also learn from the contents of this papyrus that the Egyptians carried

1940 Olympic Games In Finland

NO MODERN SPORTS

The Finnish Olympic Committee has accepted the invitation to organize the Olympic Games of 1940 in Finland, and in doing so has announced that on that occasion the Games will consist not of modern sports but of the sports made famous by the Olympiads of old.

Count Baillet-Latour, the president of the International Olympic Games Committee, has received an official communication from the Japanese Ambassador stating that the organizing committee of the Games, which were previously intended to be held in Tokyo in 1940, has ceased to function.

The note adds that the decision was taken so as to enable Japan to concentrate all the moral and material forces of the nation on reaching a goal which will contribute to the establishment of lasting peace in Eastern Asia. Tokyo hopes to be able to organize the thirteenth Olympiad in Japan in 1944.

BRITAIN AND AMERICA CAN STOP WAR WITHOUT FIGHTING

JOINT EMBARGO OF EXPORTS TO JAPAN

Economic Pressure Will Be Effective, Affirms Miss Freda Utey

Hankow, July 29.

"America and Britain can stop the war without being involved in a war," declared Miss Freda Utey, celebrated author of "Japan's Feet of Clay," when discussing the Sino-Japanese hostilities in an interview with Central News.

Miss Utey explained that half of Japan's exports go to the British Empire and United States. On the other hand, two-thirds or more of Japan's imports come from the British Empire and the United States. These include such war materials as oil, iron, steel, lead and other non-ferrous metals, chemical fertilizers, motor cars, aeroplane engines and many kinds of machinery.

The essential point, said Miss Utey, is Anglo-American co-operation. She said that there was widespread sympathy for China among the American people as shown by the unofficial boycott movement which has been far more effective than in Britain, and that, she is convinced if Britain would take the lead in suggesting a joint embargo of exports of war materials to Japan the United States would co-operate.

In the opinion of the noted English authoress, British Far Eastern policy has made the mistake all along of thinking that a bargain could be made with Japan to safeguard British investments and trade in Central and South China. Hence the continual caution not to offend Japan.

CHANGE OF POLICY

Miss Utey nevertheless believes that a change in British Far East policy is coming. The question is: How soon will the change come? Will it come too late?

Asked what are the prospects of foreign assistance to China, Miss Utey answered that they are not bright, partly because China has failed to make the British and American people understand her imperative need for foreign help. She thinks that public opinion in Britain and America might prevail upon their governments to help China if her urgent demand for

outside aid were brought home to them. Efforts should also be made to convince them that China is doing everything possible to help herself, eliminate corruption, force the wealthy to pay for the war and mobilise the people, she emphasised.

SIX MORE MONTHS

To the question, "How soon will Japan collapse economically?" Miss Utey replied:

"I do not want to make rash prophecies. Much depends on how much credit Japan can get abroad, but I think that if the Chinese can hold Hankow for six more months, it will perhaps make Japan abandon the attempt to 'beat China to her knees.'"

"Japan has mobilised all her resources to try to finish off this year and there are acute misgivings as to whether the maximum effort can be made again next year."

"For a quick war Japan has every advantage; for a slow war China has every advantage. If political unity is maintained."

Miss Utey said that there was no need for a world-wide boycott against Japan.

"Just Britain, the United States, Holland and France would be sufficient. In this respect, economic pressure can be exercised far more effectively than in the case of Italy."—(Central News).

Last Will Of Late Queen Marie

Bucharest, July 29.

The last will of the late Queen Marie of Rumania was published yesterday. All children of the Queen will receive only a legal share, with the exception of the Archduchess Ileana, who inherits the remainder of the estate.

King Carol inherits the Balce Castle, on the Black Sea, the former Queen Elizabeth of Greece's estate near Bucharest and the Archduchess Ileana the Toerzburg Castle near Kronstadt.

Queen Maria of Yugoslavia, and Prince Nicholas receive their share only in cash. The Queen left her grandson Crown Prince Michael a large diamond once presented to her by King Ferdinand. The Queen had distributed her other jewellery among her three daughters in their lifetime.

The Queen furthermore bequeathed legacies to quite a number of persons including 200,000 Lei to the daughter of General Zwiernick von Suedenhorst in token of the General's many services as court marshal.

A message to the Rumanian people was attached to the will, the Queen declaring that she who had come to Rumania at the age of 17, had become a Rumanian in many grave and happy hours, and that she loved the people and blessed them with her last breath.—(Transocean).

MALTA'S NEW CONSTITUTION

London, July 29.

A new Constitution for Malta to supersede the present temporary regime was foreshadowed by Mr. Macdonald in the House of Commons today.

A Legislature will be established consisting of eight official members, two nominated un-officials and ten elected members. Mr. Macdonald, Ministers of religion will not be eligible. The language question will be excluded from the control of the Legislature.—(Reuter).

INTERNATIONAL GEOGRAPHIC CONGRESS

Amsterdam, July 29.

The International Geographic Congress was concluded here on Thursday evening. Most sections had completed their programmes already before the Congress was officially closed. In most cases there was merely a debate after the delegates had read their papers, and no resolutions were passed.

The section for colonial geography, however, passed four resolutions. The first resolution recommends that the section for colonial geography should continue its labours after the Congress is closed, while the three others enumerate the data to be gathered.

The problem of European settlers in tropical regions was discussed at length. It was, however, agreed that as yet there was not enough scientific data available to allow the section to draw definite conclusions. Further data was, therefore, to be collected, whereby especial attention was to be paid to climatological conditions.

The question of geographical instruction in schools was likewise discussed. The view prevailed that such instruction should be based above all on direct geographical impressions received by the pupils in or near the region where the school was located.

The Municipal authorities of Amsterdam gave a farewell banquet on Wednesday evening, which was attended by members of the Congress Committee, the leaders of the foreign delegations and the chief delegates of the various sections.

The banquet was followed by a reception given by the Congress Committee at the Hotel Amstel.—(Transocean).

SOUTHAMPTON IS EMPIRE AIR TRAFFIC BASE

London, July 29.

The first permanent base for the Empire air traffic is to be established at Southampton. The port authorities of Southampton decided yesterday to place the east side of the port at the Air Ministry's disposal.—(Transocean).

Puppets Called Shameless Creatures By Japanese

Chungking, July 29.

How a Japanese employee of the Chinese Embassy in Tokyo has steadfastly remained loyal to the Chinese Government was told here today in a dispatch received from Japan.

He is Teijiro Ato, 72, who up to the departure of Mr. Yang Yun-chu, Chinese Charge d'Affaires, and the closing of the Chinese Embassy had been in the employ of the Embassy for a continuous period of 31 years.

Shortly after the departure of Mr. Yang, the Tokyo office of the puppet "Provisional Government" of Peking offered a similar post to Ato, who without the slightest hesitation declined.

In an interview with newspapermen, Ato said that those who worked for the Peking puppet government were "shameless creatures", with the heartless motive of betraying their own country.

"Poor as I am," he added, "I will never go against my conscience and join the Chinese puppets. As long as I live I'll always stand by my employers, with whom I have enjoyed the friendliest relations for 31 years."—(Central News).

PUPPETS SEEK SAFETY

Shanghai, July 29.

Owing to the recent bomb explosion in Nanking and the frequent activities of guerrillas in the outskirts of the city, officials of the "Reformed Government" have flocked to their Shanghai office to carry on their duties.

Mr. Jen Yuan-tao has given up his post as mayor of Nanking and has arrived here. Mr. Chen Chun has resigned his post as "Minister of Education" to be "Minister of the Interior."—(International).

SOVIET PURGE

Tokyo, July 27.

A purge among the commanders of the "Soviet Russian" Far Eastern Army is being continued according to Japanese reports. The Chief of the Far Eastern army force and his assistant were shot in Moscow.

Several other high officers of the GPU border guards and the Far East army were likewise executed.—(Transocean).

BASEBALL NOTES

(BY PILAT)

In one of the most interesting games seen this season, U.S.S. Sacramento last Saturday defeated the Chinese B.C. local champions, by the score of 13 to 7.

Both teams were brilliant in their fielding and a remarkably small number of errors were committed. Sammy Wong was especially in the limelight with a spectacular catch, mounting the embankment on the rightfield in doing so.

Two home runs and two double plays, the one by the Sacramento being one of the fastest ever pulled in a local game, also featured this game. But the outstanding player that afternoon was, without doubt, Baham, who besides making, the longest clout this season, was very safe behind the plate.

Hurler Earl Wong proved very expensive in the first two frames, giving away 10 runs. He was relieved in the next canto by Nip Lum who was more successful, allowing only 3 runs to be scored off him.

Kilduff pitched throughout for the sailors and was well backed by a tight infield.

The International Baseball Series will be held after all, though at one time it was thought that this had to be abandoned owing to the uncertainty displayed by some of the entrants. The participants in the series are as announced previously, with one change, the British Empire taking the place of the Philippines. It has also been decided that the series will be held under a knock-out system, and not on a league basis as was intended at first.

The following is the schedule for the whole series:—

Today.—India v. China. Umpires: Horton, Douglas and D. Leonard.

Tomorrow.—U.S.A. v. British Empire. Umpires: Liu, Abbas and Chinn.

Sunday, August 7.—Portugal v. U.S.A. or British Empire.

Umpires: Liu, Chinn and Chinn. Sunday, August 14.—Final.

The Ministry of Personnel has adopted a plan for compensating civilian officials, who have been killed or wounded in their posts in the current hostilities, on more favourable terms than their official ranks merit, states a dispatch to the "Standard."

The Chairman of the Suiyuan Provincial Government, General Fu Tso-yl, has dispatched several magistrates to direct popular uprisings in districts now occupied by Japanese troops, states a special message to the "Sin Wan Pao." General Fu, according to the same message, recently appointed Messrs. Chang Yun-ming and Chao Li-shih as Special Administrative Commissions for Middle and East Suiyuan, respectively.

JAPANESE PREPARE DRIVE FROM S. SHANSI

Tungkuang, July 29.

Active preparations for a westward drive from south Shansi by the Japanese forces were revealed by a Japanese soldier taken prisoner in the Chinese camps recently.

He revealed that more than 2,000 Japanese troops have arrived in Yuncheng from Weasi, equipped with three artillery pieces, 500 horses and about forty armoured cars. Strict precautions are being taken by the Chinese forces operating in south Shansi against the threatened Japanese westward thrust.—(Reuter).

HAIT AT KIUKIANG

Nanchang, July 29.

Military intelligence from the front states that after occupying Kiukiang, the Japanese troops have so far not yet made active preparations for a further westward drive up the Yangtze.

A number of places along the river from Kiukiang up were visited by Japanese reconnoitering planes today, including Wusueh, fifty kilometres west of Kiukiang on the north bank of the Yangtze, and Tienkiachen, a further fifteen kilometres west. On the former place, several bombs were dropped by the planes.

Yangsing, important town on the Hupeh-Kiangsi border, was severely bombed by Japanese squadrons this afternoon, causing unknown damages.—(Central News).

MIDDLESEX WINS WATER POLO FINAL

The finals of the Small Units Inter Company water polo was played off yesterday afternoon at the V.R.C. The Middlesex Regiment, who played the Royal Corps of Signals, won first place after a very closely contested game.

In the first half, Stemp opened the score for his side but Payne soon equalised. In the second half, Haigh scored the winning goal for the Middlesex.

The following were the teams:—Middlesex:—Zelly, Hymus, Bur-kitt; Stemp; Ure, Haigh and Plum-mer.

Royal Corps of Signals:—Bed-ford; Rickard, Ashford; Barnham; Payne Taylor, Dignan.

9TH v. 12TH BATTERY

In the second game between the 12th Battery R.A. and the 9th Battery R.A. for third and fourth place, the game ended in a draw of five goals all after an extra ten minutes had been played.

Benbow scored four goals for the 12th Battery and Ockwell scored the fifth, while Robinson scored

CHANCES LOST BY ATROCITIES

Japan's Conquest Plan Based On False Analogies

The Japanese, a race of copyists with notorious limitations in mental elasticity, built their plans for the conquest of China on false analogies, precedents that do not apply, and on wilful disregard of facts.

They took it that if Britain could "conquer" India they could do the same in China, writes R. T. Barrett in Great Britain and the East. Japan, he says, made the arrogant assumption that the Chinese were an undisciplined and inferior race, callous to each other's sufferings and indifferent to foreign conquest.

They assumed that they, the goldlike race, have the right to treat the Chinese as "less than the dust beneath the chariot wheels."

OUTRAGES AT NANKING

They have taken to themselves the right to shoot civilians and prisoners, either as a reprisal, as when a bomb was thrown at Amoy, or out of pure love of killing, as at Nanking, to outrage women, and systematically to destroy Chinese industry.

Japan will lose this war because her pride in herself and her contempt of China, and of the world, have led her into the folly of rousing a national spirit that will obey the orders of the chosen leaders and will humbly accept death sooner than submit to the bayonet rule of the invaders.

(Mr. R. T. Barrett was formerly Editor of the Hong Kong Daily Press).

two goals and Norman three for the 9th Battery.

Doihara In Shanghai

Shanghai, July 29.

Lieut.-General, Kenji Doihara, director of the Japanese Special Mission (Intelligence), has arrived here incognito on an important mission, and Mr. Chen Lu, Minister of Foreign Affairs of the puppet Reformed Government in Nanking, is also visiting Shanghai. It was revealed here today.

General Doihara is here in connection with the scheme to merge the "Reformed Government" and the "Provisional Government" in Peking.—(International).

COL. BECK EXPECTED IN SOLO

Warsaw, July 29.

The Foreign Minister, Colonel Beck, will, according to the Express Foranny probably arrive on August 1 in Oslo where he is expected to stay three days. This forthcoming visit, it is pointed out, confirms Poland's policy of her rapprochement with the Scandinavian States inaugurated by the Foreign Minister's visit to Stockholm some time ago.—(Transocean).

FOREIGN SHIPS ASKED TO CLEAR FROM YANGTSE

Shanghai, July 29.

With the fall of Kiukiang, Admiral Mitsumasa, Yonal, the Japanese Minister of the Navy, is reported to have demanded that British and American gunboats clear the Yangtze River between Hankow and Kiukiang.

The Japanese are moving up new guns imported from abroad for the offensive on Hankow. Fifteen divisions, divided up in three routes, are now engaged in the drive.—(International).

BAR OF GOLD SALVAGED

From Ship Which Sank In 1799

Amsterdam, July 29.

The first bar of gold was brought up today from the wreck of the British frigate Lutine, which sank in comparatively shallow water off Terschelling in 1799 with a bullion worth £500,000.

This is the first tangible result of the efforts of the Dutch tin dredger Karimata, which has been operating since June 9. Many previous efforts at salvage have proved unsuccessful.

The gold bar recovered this morning is valued at £34.—(Reuter).

GOVERNMENT WIN IN BY-ELECTION

London, July 28.

The Government retained the East Willesden seat in the by-election today, but with a greatly reduced majority.

Considerable apathy was shown by the voters, only 40 per cent. of the electorate going to the polls.

The results were: Mr. S.S. Hammettley (Cons.) 18,009 Mr. M. Orbach (Lab.) 12,278

Government majority..... 3,731 The by-election was rendered necessary by the death of Mr. D. G. Somerville, the Conservative member.—(Reuter).

POLISH REDS ARRESTED

Warsaw, July 29.

Polish frontier patrols yesterday arrested 19 young Polish Communists who attempted to cross the border into Soviet territory.—(Transocean).

HITLER'S ENVOY
IN LONDON

Capt. Fritz Wiedemann, personal aide-de camp to Hitler and also his political observer, arrived unannounced at Croydon recently.

He travelled with full diplomatic privileges. The purpose of his visit was kept secret.

He was met by Princess Stephanie Hohenlohe, one of the leaders of the Nazi colony in London. They drove away together.

It was Captain Wiedemann's second visit to London within the past two months.

He is one of Hitler's closest friends—he commanded the company in which Hitler served during the war—and is always entrusted with his most personal missions.

During the Coronation he was sent to London to mix with the crowds to find out what the British public were thinking.

PEIPING FEARS BOLD GUERILLA ATTACK

Reported Massing Of Chinese In Western Hills

Peiping, July 29. Rumour is rampant in this city that a boldly-conceived attack by Chinese troops on Tientsin and Peiping is about to take place. One report states that 100,000 Chinese soldiers, armed with tanks and artillery, are assembled in the hills to the west of Peiping.

The Japanese military authorities and the civil administration have taken great precautions, and the gates of Peiping are closed every day at 5 p.m. and are not opened till eight in the morning.

JAPANESE READY

Japanese troops are seen in both cities in great numbers, and artillery units and tanks have been drawn up at several points.

It is an undisputed fact that large numbers of Chinese guerrillas are close to Peiping. On the anniversary of the outbreak of war these irregulars penetrated up to the gates of Peiping and put the power works out of action. (Transocean).

Guerilla Activities Increasing

Shanghai, July 29.

Chinese guerrilla activities which have been rampant in Fooning and along the Shanghai-Hanchow Railway are now extended to Soochow, on the Shanghai-Nanking Railway, where a tense situation has been created.

The irregulars are about three miles behind the railway, requiring the small Japanese garrison to take special precautions. Other units of guerrillas have also made their appearance near the railway at Changshueh, Wu Kiang, Wush and Kiangyin. There are no Japanese troops within five miles of the railway zone in view of the extensive guerrilla activities. (International).

MANY SUCCESSES

Hankow, July 29. After scoring several wins along the Shanghai-Hanchow highway, Chinese guerrilla troops have cast a net around Hanyen, Chapoo and Kashing in northeast Chekiang near the Kiangsu border.

Pushing their way to the coast, the Chinese mobile forces are now in a commanding position over Chapoo, from where the Japanese garrison troops have retreated to Wangtien.

Sporadic fighting in the vicinity of Kashing has been raging at a number of points, with the Chinese closing in. The section of highway between Kashing and Pinghu has been damaged and communication disrupted. (Central News).

Sporadic Fighting In Rangoon

Rangoon, July 29

Military and police have been ordered to fire on persons of any nationality found attacking others or looting. Small bands of Indians and Burmese are loitering the streets with loaded sticks and daggers but they quickly disperse at the approach of troops.

Sporadic fighting continues on the outskirts of the city and many families of the different communities are taking refuge in and around police stations. (Reuter).

FLOOD WATERS ENTER KUCHENG

Chengchow, July 29.

The flood waters of the Yellow River, rapidly spreading south-eastward, have now entered Kucheng, a small town southeast of Chungmow.

The situation at Tunghsu, which has been cleared of Japanese forces, is growing worse.

Chinese civilians under the supervision of the military authorities are feverishly repairing and strengthening the dykes to ward off the roaring sweep of the flood waters. (Central News).

SHANGHAI'S AMUSEMENT TAX TOTAL

Hankow, July 29.

For the half year, from January 20 to July 20, the total collection of amusement tax in the International Settlement of Shanghai amounted to over \$145,000.

The tax was introduced by the Shanghai Municipal Council to raise funds for the relief of refugees in Shanghai. (Central News).

MILITARY TRUCK OVERTURNS

(Continued from Page 1)

The driver, it is said, swerved suddenly to avoid a head-on collision with a passenger car thus causing the accident. More than 20 soldiers composing the "Pacification Corps" with the commission to search for guerrillas were in the truck at the time of the accident.

The Chinese prisoners, as far as could be ascertained, were not injured. On the truck were also military supplies, luggage and the Chinese National flag.

Stranded on the road the Japanese soldiers stopped a passenger bus, which was one of a fleet operated by a Japanese firm, on the highway between Shanghai and Tientsin. The Chinese passengers were ordered to leave and the bus was commandeered to take the dead and injured to Shanghai.

Other soldiers are said to have commandeered a truck in order to come to Shanghai.

The truck, according to unconfirmed reports, is the property of the Shanghai Municipal Council Public Works Department and was parked near the scene of the accident for repair work.

LEFT ON ROAD

The overturned truck was left on the road with the furred Chinese National flag near the driver's seat and it is expected that a repair gang of the Japanese Army will be sent to the scene to remove the wreckage from the road which the Japanese use extensively for military purposes.

The fatal accident caused wild rumours in Shanghai to the effect that Chinese guerrillas had invaded western Shanghai and ambushed the Japanese military truck.

HOME CRICKET RESULTS

PEIPING FEARS BOLD GUERILLA ATTACK

Reported Massing Of Chinese In Western Hills

Peiping, July 29. Rumour is rampant in this city that a boldly-conceived attack by Chinese troops on Tientsin and Peiping is about to take place. One report states that 100,000 Chinese soldiers, armed with tanks and artillery, are assembled in the hills to the west of Peiping.

The Japanese military authorities and the civil administration have taken great precautions, and the gates of Peiping are closed every day at 5 p.m. and are not opened till eight in the morning.

JAPANESE READY

Japanese troops are seen in both cities in great numbers, and artillery units and tanks have been drawn up at several points.

It is an undisputed fact that large numbers of Chinese guerrillas are close to Peiping. On the anniversary of the outbreak of war these irregulars penetrated up to the gates of Peiping and put the power works out of action. (Transocean).

Guerrilla Activities Increasing

Shanghai, July 29. Chinese guerrilla activities which have been rampant in Pootung and along the Shanghai-Hangchow Railway are now extended to Soochow, on the Shanghai-Nanking Railway, where a tense situation has been created.

The irregulars are about three miles behind the railway, requiring the small Japanese garrison to take special precautions. Other units of guerrillas have also made their appearance near the railway at Changshueh, Wu Kiang, Wush and Kiangyin. There are no Japanese troops within five miles of the railway zone in view of the extensive guerrilla activities. (International).

MANY SUCCESSES

Hankow, July 29. After scoring several wins along the Shanghai-Hangchow highway, Chinese guerrilla troops have cast a net around Hsien, Chapoo and Kashing in northeast Chekiang near the Kiangsu border.

Pushing their way to the coast, the Chinese mobile forces are now in a commanding position over Chapoo, from where the Japanese garrison troops have retreated to Wangtien.

Sporadic fighting in the vicinity of Kashing has been raging at a number of points, with the Chinese closing in. The section of highway between Kashing and Pinghu has been damaged and communication disrupted. (Central News).

Sporadic Fighting In Rangoon

Rangoon, July 29. Military and police have been ordered to fire on persons of any nationality found attacking others or looting. Small bands of Indians and Burmese are loitering the streets with loaded sticks and daggers but they quickly disperse at the approach of troops.

Sporadic fighting continues on the outskirts of the city and many families of the different communities are taking refuge in and around police stations. (Reuter).

FLOOD WATERS ENTER KUCHENG

Chengchow, July 29. The flood waters of the Yellow River, rapidly spreading south-eastward, have now entered Kucheng, a small town southeast of Chungmow.

The situation at Tungshu, which has been cleared of Japanese forces, is growing worse.

Chinese civilians under the supervision of the military authorities are feverishly repairing and strengthening the dykes to ward off the roaring sweep of the flood waters. (Central News).

SHANGHAI'S AMUSEMENT TAX TOTAL

Hankow, July 29. For the half year, from January 20 to July 20, the total collection of amusement tax in the International Settlement of Shanghai amounted to over \$145,000.

The tax was introduced by the Shanghai Municipal Council to raise funds for the relief of refugees in Shanghai. (Central News).

MILITARY TRUCK OVERTURNS

(Continued from Page 1)

The driver, it is said, swerved suddenly to avoid a head-on collision with a passenger car thus causing the accident. More than 20 soldiers composing the "Pacification Corps" with the commission to search for guerrillas were in the truck at the time of the accident.

The Chinese prisoners, as far as could be ascertained, were not injured. On the truck were also military supplies, luggage and the Chinese National flag.

Stranded on the road the Japanese soldiers stopped a passenger bus, which was one of a fleet operated by a Japanese firm, on the highway between Shanghai and Tientsin. The Chinese passengers were ordered to leave and the bus was commandeered to take the dead and injured to Shanghai.

Other soldiers are said to have commandeered a truck in order to come to Shanghai.

The truck, according to uncorroborated reports, is the property of the Shanghai Municipal Council Public Works Department and was parked near the scene of the accident for repair work.

LEFT ON ROAD

The overturned truck was left on the road with the furling Chinese National flag near the driver's seat and it is expected that a repair gang of the Japanese Army will be sent to the scene to remove the wreckage from the road which the Japanese use extensively for military purposes.

The fatal accident caused wild rumours in Shanghai to the effect that Chinese guerrillas had invaded western Shanghai and ambushed the Japanese military truck.
